Dear Ms. Lambert and Mr. Carlson,

Thank you for claiming your site on Geotracker. We have received the *Response to the Alameda County Health Services Comments on the Subsurface Investigation and Product Recovery Work Plan dated September 7, 2012*, which was prepared by Arcadis and dated November 29, 2012. ACEH has reviewed the document and agrees with the proposed boring locations. As per ACEH's directive letter please schedule the fieldwork activities and provide ACEH with at least three business days notification prior to conducting the fieldwork.

Submit your technical reports as listed in ACEH's November 15, 2012 letter.

Thank you,
