You may submit a request for closure under the State Water Resources Control Board Low-threat Closure Policy. ACEH will consider the case for closure upon submittal of the request for closure report.

This report presents the groundwater monitoring data collected at the Site from October 1 to December 31, 2013, the results of the soil vapor monitoring point installation, and the soil vapor analytical data collected at the Site in February 2014.

Following your review of the report we (representatives of ARCADIS and Volkswagen) would like to discuss this project with the Alameda County. Please contact me or Jay Shipley if you have any questions or need any more information.

Thanks Ron.
