Mr. Goswamy,

ConocoPhillips submitted a Draft Corrective Action Plan for 4276 MacArthur Boulevard today. It should be available for review on the Alameda County Environmental Health website within two days.

Regards,

Dear Mr Wickham,

How are you? It's been a while since i emailed you last time and I wanted to thankyou as well for you support till now. I wanted to ask whether ConocoPhillips has already submitted the CAP or not. Please let me know as I am still waiting for my bank to fund the escrow which they can not do without the CAP in place and the deadline for my contract is May 28, 2008.

So, I will be looking forward for your answer.

Thankyou for all your help.

Warm regards,

Raj Goswamy
