October 13, 2015

Attention: Mr. Mark Detterman
Alameda County Environmental Health
1131 Harbor Bay Parkway, Alameda, CA 94502

Reference: Request for Extension
Former Chevron 91723, 9757 San Leandro Street, Oakland, CA

Dear Mr. Detterman,

On behalf of Chevron Environmental Management Company (Chevron), Stantec Consulting Services Inc. (Stantec) respectfully requests an extension for the site investigation report requested by Alameda County Environmental Health (ACEH) in email correspondence dated April 14, 2015, for former Chevron-branded service station 91723, which was located at 9757 San Leandro Street, Oakland, Alameda County, California (the Site). Based on an extension granted by email correspondence dated July 7, 2015, the current report deadline is October 16, 2015.

The final draft of the report is pending final technical review by Chevron's vapor intrusion subject matter experts, and we feel it would be beneficial to the project to allow additional time for their review; therefore, we request a brief extension to submit the final report to ACEH by October 26, 2015.

Regards,

Stantec Consulting Services Inc.
