Attention: Mr. Mark Detterman

Alameda County Environmental Health
1131 Harbor Bay Parkway, Suite 250
Alameda, CA 94502

Reference: Request for Extension of Data Gap Investigation Work Plan

Former Chevron-branded Service Station 91723
9757 San Leandro Street, Oakland, CA

Dear Mr. Detterman,

On behalf of Chevron Environmental Management Company (Chevron), Stantec Consulting Services Inc. (Stantec) respectfully requests an extension to submit the Data Gap Investigation Work Plan for former Chevron-branded service station 91723, which was located at 9757 San Leandro Street, Oakland, Alameda County, California (the Site).

In a letter dated December 11, 2015, Alameda County Environmental Health (ACEH) requested a Data Gap Investigation Work Plan be submitted by February 19, 2016. Stantec has begun working on the draft work plan; however, an internal peer review meeting is scheduled for February 11, 2016. Following the internal peer review meeting, Chevron and Stantec would like to meet with ACEH to discuss the Site before submitting a final version of the work plan, preferably in early March after revising the draft work plan based upon the outcome of the peer review. Therefore, Stantec requests an extension to submit the final work plan to ACEH by April 22, 2016.

Regards,

Stantec Consulting Services Inc.

Travis L. Flora
Associate Project Manager
