**Attachments:** RO414\_MF-35andMF-36.pdf

Diane,

Thank you for attending the meeting today regarding the SCP case MOIA, United Airlines MF35/36, Alameda County Environmental Health (ACEH) case number RO414. It was a pleasure meeting with you, Doug and Lydia. At the meeting I mentioned an ORC wall at the site of the gasoline and diesel tanks (MF 35 and 36). I have no further documentation regarding the wall beside the hand written note on the figure (attached) in the ACEH case file. The location of the wall appears to be adjacent to, or beneath, an exterior stair case. The notation, located above the Laundry Facility, says "ORC Grout Curtain".

Respectfully,  
Keith Nowell
