Hello Lydia,

The rejection message for the report upload was in response to the missing perjury statement for the historical document. Please attach the Port of Oakland perjury statement and re-upload the document.

Thank You,
Keith Nowell

Hi Keith and Dilan,

We received a rejection notice from the County's ftp site and are concerned that you may not have received our memo. The rejection notice indicated that there was no perjury statement. We uploaded two documents together: (1) our memo which had a perjury statement signed by the Port, and (2) a historical report that was not already on the County's ftp site (a task you requested during our last meeting) which did not have a perjury statement. We're guessing it was the historical report that caused the rejection but we don't know whether the memo was accepted.

I left a voice mail with Keith yesterday to inquire but have not heard back yet. In case the memo was also rejected from the ftp site, you can download the memo by using the link below.

We can figure out what the ftp accepted and rejected when you have time. Sorry to cause confusion. Thanks.
