Subject: 4411 Foothill Bl., Oakland - Request for 30-day extension for soil vapor report

Jerry,

Per our telephone conversation this morning, CRA requests a 30-day extension to the June 27, 2008 deadline for submitting the Soil Vapor Sampling Report which was requested in your April 4, 2008 letter to Shell. Lab equipment problems required CRA to invalidate 3 samples collected during our May 21, 2008 sampling event. The extension is requested to allow for resampling and analysis of the 3 soil vapor probes (V-1, V-4, and V-11). We request that the due date for the Soil Vapor Sampling Report be moved to July 26, 2008. Thank you.
