Reports:

March 1995 -

6 Regins identified

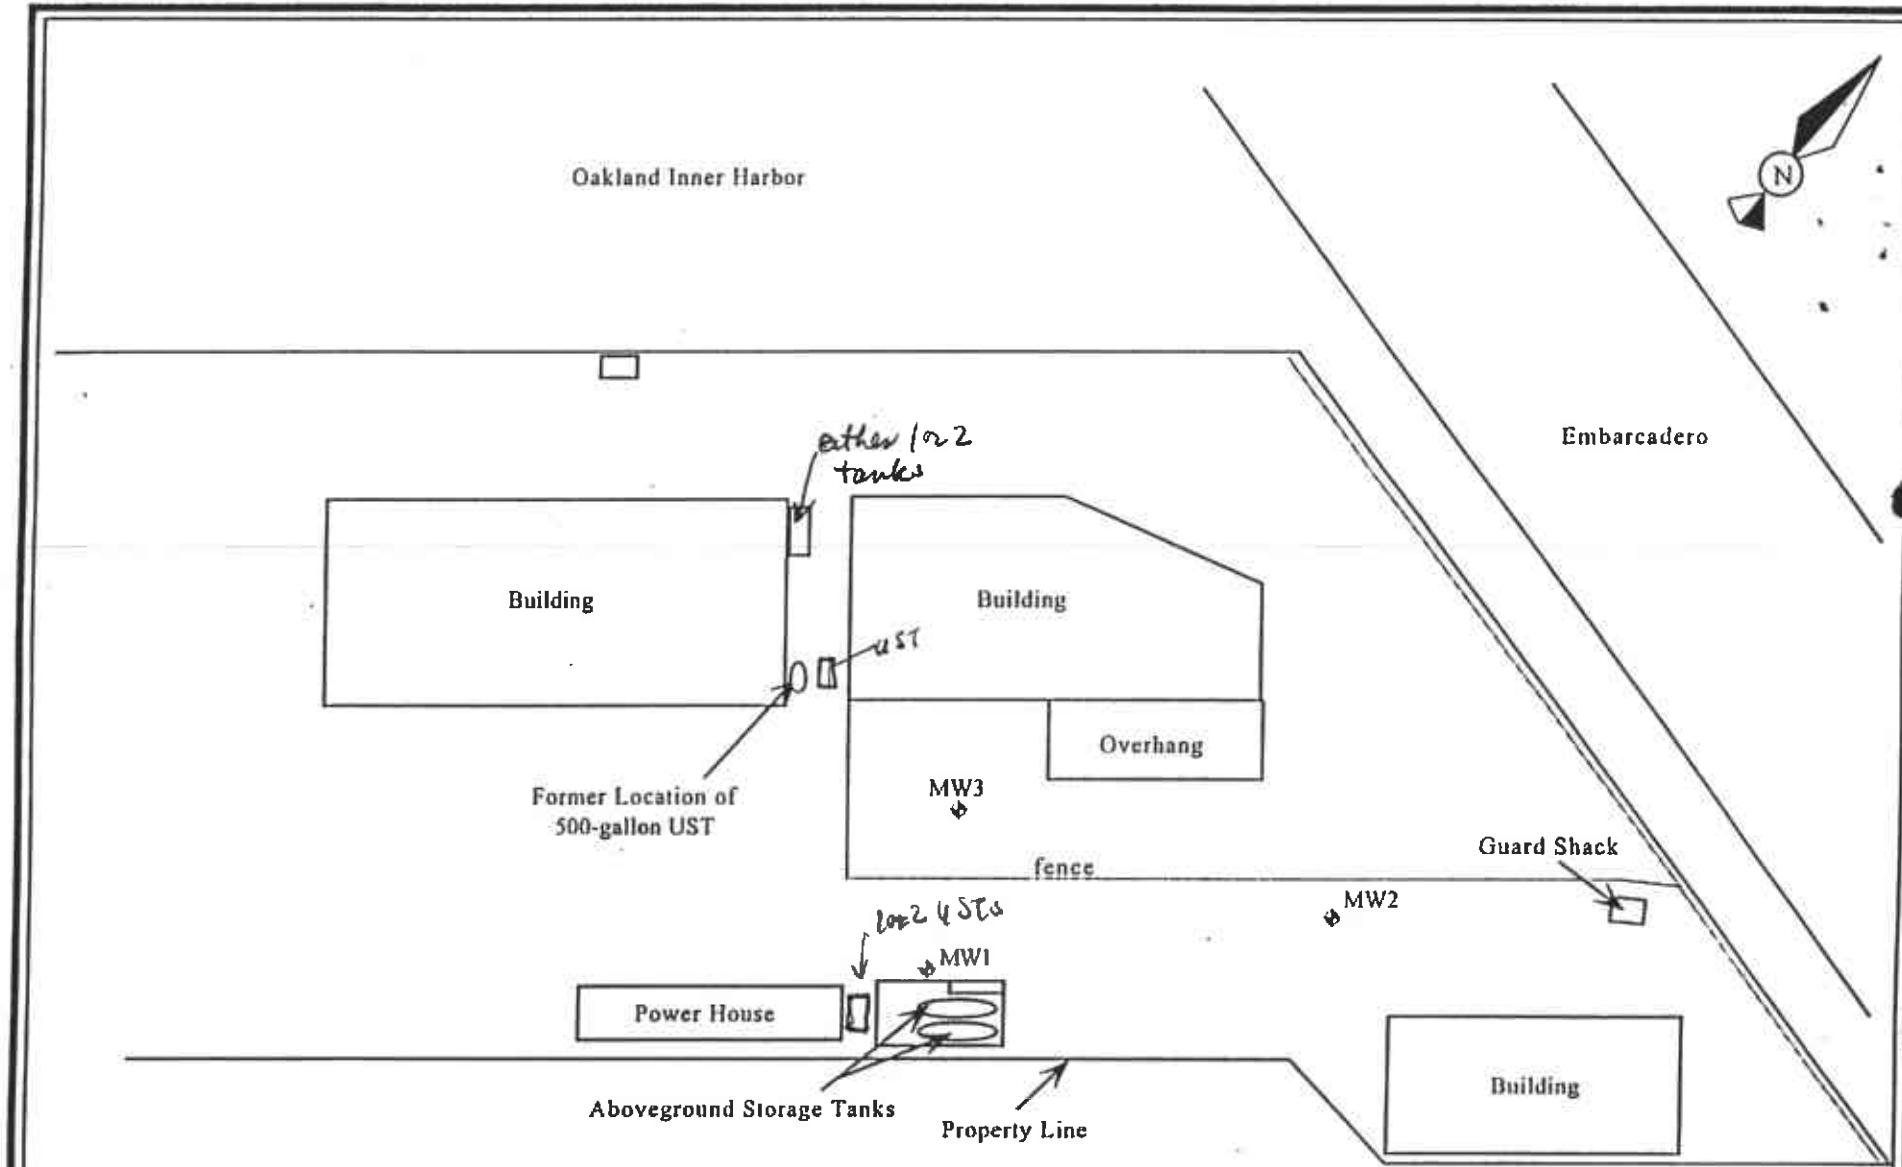

---

Only one of the tanks Crowley owned  
operated. (500 still removed 1994)  
no release observed

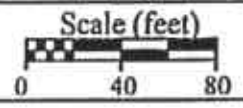

- Navy was also a tenant at one  
time.

Rounded tanks: 3 areas w/ up to 3-5  
UST's. (see map)

Crowley requested an opportunity to discuss  
the tanks w/ the Port prior to any NOV  
letter from County. I relented + gave  
them until at least Aug 95. ∴ maybe  
you could call R. Stephen Wilson prior to  
issuing your NOV 206 443-8042.
