Alameda County
Environmental Health

Dear Mr. Khatri,

On behalf of Atlantic Richfield Company (a BP Associated Company) ARCADIS would like to request a six-week extension of the October 12, 2009 deadline set in Alameda County Environmental Health (ACEH) letter dated August 13, 2009 for the BP Site No. 11109 located at 4280 Foothill Blvd, in Oakland, CA (site).

The deadline requested the submittal of a Feasibility Study/Corrective Action Plan (FS/CAP) for the implementation of remedial activities at the site. ARCADIS would like to request a six-week extension to address the site-specific aspects associated with the site and to prepare an appropriate FS/CAP outlining plans for the path forward for remedial activities.

We appreciate the understanding of the ACEH and please feel free to contact us with any questions or comments you might have.
