Subject: RO0429 PHONE LOG 2009-09-22
Entry Type: Phone call

Start: Tue 9/22/2009 11:50 AM
End: Tue 9/22/2009 11:50 AM
Duration: 0 hours

Phone call with Craig Pon, City of Oakland, Watershed & Stormwater Management. City of Oakland has a grading moratorium from October 15 through March 15. They are concerned with use of City right-of-way and excavation work. We discussed status of case and proposed excavation activities. He will consult with his management regarding the grading permit for the work.

Subject: 4035 Park Blvd., Oakland, CA (RO#429)

Jerry,

I used your online GIS service to obtain and review some of the available documents for the site. Additionally, I called Alameda County Health Services on Friday in regards to some questions that City staff had about an active cleanup site located at 4035 Park Boulevard in Oakland, CA (RO#429), and the your staff referred me to you as the case worker for this site. Based on my limited understanding of the scope of work and the review of the available documents that I reviewed, I have some concerns about future pending work.

I would like to discuss this location and case with you when you are available.

Thank you

Craig Pon
