Chris,

Please use this email as approval of the request; this will move the deadline to February 14, 2011, provided another path is not taken.

Subject: RE: Request for submittal date extension: Emery Bay Plaza, Case No. RO0000440, 1650 65th Street, Emeryville

Mark,

As we discussed today, on behalf of Griffin, PES requested an additional 60-day extension (in addition to the prior 30-day extension) of the scheduled submittal date of a Source Area Delineation Work Plan, as described in ACEH's August 16, 2010 letter to Griffin. This email documents our request. The extension will allow PES and ACEH to continue discussions of our case-closure recommendation contained in our October 25, 2010, report, as well as the recent groundwater sampling results and the recently-provided documentation of a passive methane collection system at the site.

Best Regards,
Chris
