Subject: 1650 65th Street Emeryville - Emery Bay Plaza RO440

Hi Mark,

Per our conversation last week, this email is intended to document your concurrence that (1) in accordance with the approved Work Plan, ambient/background air sampling to be conducted at 1650 65th Street will consist solely of one outdoor 8-hour sample; and (2) a leak check compound analogous with the tracer compound used in the recent testing at 6601/6603 Shellmound may be utilized for quantitative tracer testing.

Thanks,
Chris
