All,
Please use this email to document approval of your request.

I will get to the site as soon as I can, but there always seems to be one more thing that “must” be done.

Subject: Request for submittal date extension: Emery Bay Plaza, Case No. RO0000440, 1650 65th Street, Emeryville

Mark,

On behalf of Griffin, PES is requesting an additional 30-day extension from the currently scheduled February 14, 2011 submittal date of a Source Area Delineation Work Plan, which was requested in ACEH’s August 16, 2010 letter to Griffin. This email documents our request. We understand that the previously submitted materials for the site may be reviewed soon, and an extension will permit PES and ACEH to hold discussions regarding the recommendation for case closure contained in our October 25, 2010, report.

Best Regards,
Chris
