RE: Third Quarter 1992 Summary Report  
Exxon Company, U.S.A.

Mr. John Kaiser  
California Regional Water Quality Control Board  
San Francisco Bay Region  
2101 Webster Street, Suite 500  
Oakland, California 94612

Dear Mr. Kaiser:

Attached for your review please find the **Third Quarter 1992 Summary Report** for Exxon sites within the jurisdiction of the San Francisco Bay Region of the California Regional Water Quality Control Board. Copies of this report are also being forwarded to local agencies detailed on the attached distribution list.

In addition to sites detailed in the report, Exxon has initiated a subsurface investigation at the following site in the third quarter, 1992; a copy of the quarterly summary for this site will be included in the next quarterly summary report.

Exxon RAS #7-0225    389 El Camino Real, Menlo Park, California  
An initial subsurface investigation is currently being performed by Hydro Environmental Technologies, Inc., of Alameda, California.

Also, Exxon has included the following two sites in the report as open cases per the Santa Clara Valley Water District's request:

Exxon RAS #7-7760    1705 McKee Road, San Jose, California  
Case closure pending.

Exxon RAS #7-3521    3985 Stevens Creek, Santa Clara, California  
Referred to San Francisco Bay RWQCB for oversight by Santa Clara Valley Water District.

Should you have any questions, comments and/or require additional information, please do not hesitate to contact Marla Guensler at (510) 246-8776 or Darwin Lyons at (510) 246-8768.

Sincerely,

Marla D. Guensler

Darwin L. Lyons
