Dear Mr. Khatri:

The East Bay Municipal Utility District (EBMUD) is in receipt of your letter dated July 3, 2008, requesting that EBMUD claim this fuel leak case in the GeoTracker database and upload electronic copies of analytical and survey data.

Since this case has been closed and inactive since the late 1990s, no analytical data or reports have been generated since that time. Therefore, we have no new analytical data or reports since the 2001 and 2005 enactment of regulations requiring the electronic submittal of data and reports via GeoTracker. However, we have claimed this site on GeoTracker, in response to your July 3 letter request.

Please contact Derek Lee, Senior Environmental Health and Safety Specialist, at (510) 287-1086 or me at (510) 287-0345 if you have any questions.

Sincerely,

John H. Schroeter, P.E.
Manager of Environmental Compliance
