Mr. Khatri:

I am writing you concerning the recent investigation conducted at the above referenced location. As you are aware, Antea Group proposed to advance two (2) cone penetration test (CPT) borings down-gradient of this site. This work was completed on August 11, 2011 and you requested that the Site Investigation Report for this work be

submitted to your office by September 9, 2011. Due to our large workload it does not appear that Antea Group will be able to submit the Site Investigation Report by the requested due date. We would therefore, like to request an extension for the submittal of the Site Investigation Report until September 30, 2011. Please let me know if this is acceptable to you.

Regards,
