Mark,

Conestoga-Rovers and Associates (CRA) on behalf of Chevron Environmental Management Company (EMC) would like to notify you of recent activities at Former Chevron Service Station 91851, 451 Hegenberger Road, Oakland, CA. As discussed over the phone, during grading activities by the property owner at the site above, well MW-7 was compromised. The ground surface surrounding MW-7 was graded to below the cement grout seal, compromising the integrity of the well. The well will be destroyed on Friday, October 19, 2012.

Thanks,

Nathan Lee, P.G.
