Mark-
The City of Oakland still has not approved our encroachment permit so we have had to postpone the work. We are still hoping to get it done before the end of the month. I will update you once we have the permit in hand and a firm date.
Thanks,

Thanks for the update Brian. I think you are aware, but construction debris does not require removal documentation, just materials requiring manifesting as non-hazardous / hazardous waste.

Mark-

The well destructions are scheduled for 10/9/14. If all goes as planned, the only waste generated will concrete from the sidewalk flags we have to replace. The concrete will be hauled offsite to a concrete recycler the same day. Please let me know if you have any questions.
