Fuel Leak Case RO0000466

Dear Mr. Detterman:

This letter is being submitted to request a two-month extension for submittal of a *Data Gap Work Plan and Path to Closure Schedule* for the site referenced above. In a correspondence dated February 8, 2013, ACEH requested submittal of a *Data Gap Work Plan and Path to Closure Schedule* by February 22, 2013. As the current CRA and Chevron project managers are new to this project, we would like time to review the file to adequately address ACEH's technical comments and work plan/schedule request. Pending ACEH approval, the work plan and schedule will be submitted to ACEH no later than April 22, 2013.

We appreciate your assistance on this project. If you have any questions regarding this extension request, please contact me at (916) 889-8908.

Sincerely,

CONESTOGA-ROVERS & ASSOCIATES
