Ari,
See the link after my name. It's to the site the County maintains with all the site reports for this (and other) sites. They are kept as PDF files for easy download and reading. Go to the online LOP records. Allow popups; don't use the map, use the blue column on the right, search tab top left, LOP doc search drop down, then RO number (467) and select which site as several are likely to popup.

Also see the FAQ section, there are several links to consultant sources....

Call if you need more info, but hope this helps.
Hope this helps!
