Mansour,

Please use this email to document ACEH concurrence with the requested extension date. Hopefully the weather cooperates also! I'll update Geotracker shortly.

Dear Mark:

Due to the holiday season and unavailability of our lowest bidder drilling company, we have a hard time to do the field work and meet our deadline. For instance, Gregg Drilling cost for doing the field work is about 67K while Fisch Drilling cost is about 28K for the same work. Unfortunately, Fisch is available after holidays (the week of January 6) for three consecutive weeks to finish the work, end of January 2014. As such, the report is expected to be submitted first week of March 2014. Please let me know if you can extend our report submittal date to March 7, 2014.

Regards  
Mansour Sepehr
