Sumeet,

Without stating it, the case closure was to the existing commercial use, a service station. Should the site ever get redeveloped it will require reevaluation at that time, unless the intent is to redeveloped it as a service station. Commercial redevelopment to other uses would require the reevaluation. Hope this helps.

Hello Mark,

Thanks for returning my call. I just wanted to confirm that there is "no Further Action" required as long as the site stays as a fueling station. The Chevron station is located at 2920 Castro Valley Blvd, Castro Valley CA 94546

Thanks,

Sumeet
