ALL ENVIRONMENTAL, INC.

Environmental Engineering & Construction

596 Indian Home Road • Danville, CA 94526 • (510) 820-3224

I would like to take the time to introduce All Environmental Inc. (AEI) to you. AEI is a full capability environmental engineering service firm specializing in performing hands-on environmental remediation and related services. The professional staff at AEI has the extensive experience in managing and performing remedial services for industry, government and property owners. Our commitment is to provide responsive, efficient, and economical solutions to assist our clients in understanding and resolving environmental conditions which degrade their property or are out of compliance with regulatory standards.

AEI has the in-house capabilities to provide a variety of services, including, but not limited to, the following:

- Underground Storage Tank Removal and Installation
- Phase I Site Assessments
- Phase II Site Assessments (Groundwater Monitoring Well Installation and Soil Borings)
- Remedial Investigations
- Project Management Services
- Permitting (Storm-water)
- Closure Documentation and Compliance Reports
- Post Closure Monitoring
- Groundwater Remediation
- Soil Remediation
- Hazardous Material Inspection and Management Plans
- Excavation and Soil Segregation
- Process Engineering
- Waste Water Treatment

AEI is a full service consultant and contractor with a State of California Class A License, a HAZ Classification that refers to our Hazardous Substances Removal and Remediation Action Certificate and is represented by a State of California Professionally Licensed Chemical Engineer. AEI has the capabilities to resolve any environmental problems that you have in a cost effective manner.

Craig Hertz
Vice President
