QUARTERLY SUMMARY REPORT
Second Quarter 1998
(April - June)

TOSCO 76 SERVICE STATION 7176
7850 Amador Valley Boulevard
Dublin, California

City/County ID Alameda County Health Care Services Agency

County: Alameda County

BACKGROUND

The site is currently occupied by an operating Unocal service station. The UST's have been replaced and the used-oil tank removed. The majority of hydrocarbon-impacted soil (1,863 tons) was excavated and transported to a Unocal-approved landfill. In July 1995, Unocal subsequently performed a soil and groundwater investigation which included drilling nine soil borings and constructing three groundwater monitoring wells. Oxygen Release Compound (ORC) is present in the three groundwater monitoring wells and one tank pit well.

RECENT QUARTER ACTIVITIES

Performed a supplemental environmental investigation to evaluate soil and groundwater conditions in the vicinity of the subject site, installed two off-site groundwater monitoring wells, and submitted report. Performed quarterly groundwater monitoring and sampling for both newly installed off-site wells and existing on-site wells.

NEXT QUARTER ACTIVITIES

Perform quarterly groundwater monitoring and sampling.

CHARACTERIZATION/REMEDIAL STATUS

Soil contamination delineated?	<u>Yes</u>
Dissolved groundwater delineated?	<u>No</u>
Free Product delineated?	<u>NA</u>
Amount of gw contaminant recovered this quarter?	<u>0 gallons</u>
Amount of gw contaminant recovered to date?	<u>15,511 gallons/groundwater</u>
Soil remediation in progress?	<u>No</u>
Dissolved/free product remediation in progress?	<u>No</u>
