Steven,

Your help would be much appreciated. Attached are the access agreements and cover letters. I will call them both tomorrow saying that we understand letters requesting cooperation have been written by your agency and ask if I can answer any questions.

Dave,

Do you think it would help if ACEH sent a letter to the property owners. Our attention might help the property owner hasten a decision to allow access for this phase of investigation. If you think this would be helpful, please provide me with their address and I will try to send out the letters today.

Steven,

As of today, we have not heard back from either property owner adjacent to 1549 32nd Street that we are attempting to get access agreements from. I'll try calling them because we asked for a response by April 25th.

Dave,

I will be out of the office until June 1st. During my absence please direct any questions to Donna Drogos.

Steven,

Attached is the revised "Proposed Soil Boring Location Map" sent with the access agreements. Access agreements have been sent Federal Express to the property owners of record for 2851 and 2859 Helen St with a request to reply by April 25, 2008. The owner of 2851 Helen is New Light Christian Church in Berkeley and the owner of 2859 Helen is the Bank of New York, Simi Valley.
