End: Mon 11/8/2004 8:59 AM
Duration: 0 hours

RO486 - 4255 MacArthur
11/02/04, 313p, matt derby, Cambria, 4255 MacArthur Blvd, FP investigation, 04/03, WP Add 05/04, comments approval,
off site U/G source Conoco site, 510-420-3332
11/08/04, 9a, lft msg call Karen Petryna re: site priority & schedule for review

7/1/98

Spoke w/ B. Busch re: 6/29/98 Addendum

Investigation W.P. I agree w/ the need + locations
of the 2 add'l mws, however, I have the add'l req.

- need to run pic parameters
- need to add ORC in new onsite well
- need to calculate amt of O_2 needed to treat given GW
contamination & verify ORC are sufficient to do this.
- add 8260 for 8020 for MTBE analysis because
GW TPH > 5 mg/l in source area.

Brian will speak w/ A. Perez to see if he has any
objections to these & call me back.

CONTACT LOG (4255 MacArthur Blvd.)

6/10/97 cont..... have to assess any potential risks to trailer park from floating product.

6/10/97 Mr. Perez, Shell Oil, called back to say that an addendum to the workplan will be submitted by this Friday.

Contact Log (4255 MacArthur Blvd.)

- 10/31/96 Spoke to Tim Uttuback, Weiss Assoc. He stated that the consulting work was given to Cambria.
- 10/31/96 Left message for Scott McLeod, Cambria, 420-0700, to discuss work at site.
- 11/21/97 Paul Waite, Cambria, 510-420-9185 - called & asked whether g.w. samples had to be analyzed for whole array of metals. I called him back & stated that since only Cr, Cu, & Pb exceeded concentrations exceeded 10x STC in soils, that g.w. samples need only be analyzed for the five basic heavy metals (Ca, Cr, Pb, Ni, Zn) and Cu. Mr. Waite also mentioned that they are in the process of working on addendum for SWC workplan as outlined in County's Oct 31, '96 letter.
- 11/22/97 ~~At~~ Paul Waite called. We decided that Groundwater samples should be analyzed for Cadmium, Chromium, Lead, and Copper since concentrations of those contaminants in soil exceeded 10x STC. Also, the revised workplan will be submitted by the end of this month.
- 5/20/97 Read over Cambria's May 19, 97 response to my Oct '96 letter & left message for Paul Waite. Inquired as to what the cause is for the delay in the workplan submittal, which was due to this office in Dec '96.
- 6/10/97 Left message for Paul Waite re whereabouts of w.p.
- 6/10/97 Called Alex Perez, Shell Oil Products Co., to check status of w.p. Since he is new contact, he will have to contact Cambria & get back to me. I told him they would
