**Subject:** Extension Request - Well Destruction Permit for ACEH Case #RO0000494

Hi Jerry-

On behalf of Atlantic Richfield Company (ARC- A BP related company) Broadbent & Associates (Broadbent) would like to request an extension for the Well Destruction Report due on August 24, 2014 for ACEH Case #RO0000494, Arco 2111 located at 1156 Davis Street, San Leandro, California. The reason for this request is due to delays to the Site repair activities related to PG&E needing to remove an electrical transformer that was used for the former remediation system. Well surface repair activities cannot be completed until the transformer has been removed. All well were destroyed in June 2014. We would like to include all site redevelopment activities in the report. We therefore request an extension until October 31, 2014.

Thank you,
