Mike,

Groundwater monitoring can be suspended during the closure evaluation.

As the active responsible party, Tesoro should sign the form under item 1.

Jerry,

We appreciate your support in moving this project towards closure. I had two questions for you:

1. We have semiannual sampling in the second quarter of 2013 normally scheduled. Is this sampling required or can we request a suspension of groundwater while closure is evaluated?
2. The List of Landowners Form requests a certification of the sole landowner (Bedrock Oil for this site) but signature by the responsible party (Tesoro for this site). Is it correct that Tesoro should sign but we should list the owner in item 2?

Thank you,  
Mike
