Mary Durkin, 357-6255

Owns office & apartments across the street from Conoco. Recieved access agreement request from Conoco, legit?

Explained why access needed, investigating contamination extent. MWs installed on property adjacent to hers on Bancroft, & on other 2 corners across from Conoco. We are requesting that Conoco perform this work. It is a common occurance for oil companies & other RPs to request access to offsite properties. They determine how far contamination extends & if cleanup is needed. Explained that not allowing access could result in her becoming responsible for contamination on her property if it is from the Conoco site.

She indicated she has a WSW on her property not used since she & husband purchased the property 40 yrs ago. WSW was previous water supply to her building(s) in past. Also another 'well was installed on property 25 yrs ago, she could not recall for what purpose.

She is consulting with her attorney re: the agreement.

Gave her Barbara Jakub's # and info re: viewing case files on our website.
