Hi Charlotte,  
Hope that vacation was good and the paper pile on the desk not too extreme when you got back.

An extension of 30 days would be fine under the circumstance; please use this email to document the approval of the extension request.

Is this what you called about yesterday? I wanted to finish a site review yesterday before our 8-hour refresher course today, so I delayed in responding.

Mr. Detterman,

We received your letter regarding former Chevron site 9-1026 (RO #500 3701 Broadway, Oakland) on October 28, 2009 with a requested submittal date of November 30, 2009 for a Work Plan Addendum. I was on vacation until late last week, which is why you are receiving this email now. CRA has started on a response to the letter, but am waiting to receive some information that will allow us to finalize the placement of permanent and temporary wells, along with the other requested items. CRA would like to ask for an extension of 30 days, until December 30, 2009 to submit the requested Work Plan Addendum. Hopefully it will be able to be submitted prior to this date. If you have any questions, please feel free to contact me.

Thank you for your time.
