Brandon,
That will be fine; I'll update Geotracker in a bit.

Subject: Chevron Site 91026 Oakland - Annual 2014 Groundwater Report

Hello Mark,

CRA is waiting to receive the laboratory report for the Annual 2014 Groundwater Report, which was sampled on March 14, 2014. The laboratory is holding the report until their service order is received, which is currently in process and almost complete. We should receive the data in the next week or so. From our calculations, 60 days from sampling will be Tuesday, May 13, 2014. We would like to get an extension for the submittal of this report until Friday, June 6, 2014. Of course if we receive the data promptly, we will submit the report prior to the proposed due date. We will assume this extension is acceptable unless we hear otherwise from you.

Thanks and have a nice weekend,

Brandon Wilken, P.G.
