Duration: 10 minutes

Norman Alberts called about Downtown Toyota. Berkeley Farms did not own this site, Berkeley Land owned it. They are now Paterson Ranch Inc. who are already receiving a copy of the letter. Norman called to have mail that is sent to John and Frank Sabatte sent to him instead, because John and Frank are now both in their 90s and to have Berkeley Farms taken off of the RP list. They have not been associated with the site according to him. I cannot remove them as an RP right now.
