CRA Project #120741

Dear Mr. Lockwood:

We are requesting the case closure petition for the subject site be placed in abeyance until further notice. The client and Conestoga-Rovers & Associates are working with the lead oversight agency, Alameda County Environmental Health (ACEH), on this project. Currently we are waiting for a response to a recommendation in our March 1, 2007 *Supplemental Site Characterization Report* to evaluate and select a remedial alternative for the site.

Sincerely,

**Conestoga-Rovers & Associates, Inc.**
