Castro Valley, California

Dear Mr. Seto:

As per your requested dated March 29, 1991, attached please find a copy of the proposed schedule for the next phase of investigation at the former Shell Station located at 2724 Castro Valley Boulevard. Please note that the timing of activities (i.e., 3 soil borings, 3 wells) on the adjacent property is contingent upon completion of a right of entry agreement. The right of entry agreement should be authorized by the end of April. This is still pending.

If you have any questions please feel free to contact the undersigned at (415) 675-6127.

Very truly yours,

**Shell Oil Company**
