

Windsor Square  
1900 Levee  
S. Leandro

MEMO to file:

7-15-93

Steve Parada (SWRCB) spoke to me today re: The SB2004 fund application for this site. He said the following was recently requested by Donna Turcotte, the case worker:

- ① UST closure report
- ② copy of sale agreement from 8-88

The sale agreement is needed because (apparently) Mr. Lim claims he didn't know the tank was at the site when bought the property.

I spoke with Larry Friesquez and updated him on SB2004 issues. SWRCB needs a copy of the UST closure report and of the property sale agreement (to confirm failure to disclose UST was on site). James Enibi (Century West) called to update me on project progress. He said it's still going on, but at a snail's pace because of Liu's limited funds. I requested a status update report. He said one could be expected in ~ 2 weeks.
