UNDERGROUND STORAGE TANK CLEANUP FUND (FUND), REQUEST FOR FURTHER DOCUMENTATION DURING INITIAL REVIEW: CLAIM NUMBER 017242; FOR SITE ADDRESS: 1195 MARITIME, OAKLAND

After reviewing your claim application to the Cleanup Fund, we find that the following additional information is needed to determine your eligibility for placement on the Priority List:

On May 16, 1988, Alameda County Health Care Services Agency, Department of Environmental Health (ACHCSA) issued a six-month interim permit for the subject USTs. In 1993, ACHCSA approved the UST Closure Plan to have the subject USTs removed. The USTs were removed in 1993. However, there was no documentation provided with the claim application that supports that the subject USTs were properly permitted after the expiration date of the interim permit until their removal in 1993. Absent the permit documentation, it appears that the subject USTs were not permitted until their removal in 1993. Please provide a copy of the renewal permit for the subject USTs prior to their removal in 1993.

The subject site has had two separate unauthorized release reports submitted to ACHCSA. The first one was reported in 1989, for an unauthorized release of the 10,000-gallon diesel UST. The second was reported in 1992 for loss of gasoline during a tank test. Please advise how the first release was abated.

Please advise when the new USTs were installed. In addition, please amend page three of the claim application.

Please provide a copy of the complete report, along with the lab report that was prepared by Uribe & Associates.

NOTE: Failure to respond to this request within thirty (30) calendar days from the date of this letter may result in an ineligibility determination of your claim.
