RE: Case closure for Underground Storage Tank Site,
Unocal Station No. 3072, 2245 Castro Valley Blvd.,
Castro Valley, Alameda County

Dear Ms. Silzer,

The Alameda County Department of Environmental Health (ACHD) has submitted a letter which recommends closure for your site involving the removal of three 10,000 gallon petroleum fuel tanks and one 550 gallon waste oil tank. Regional Board staff have reviewed the file for your site and concur with this recommendation. Therefore based on the available information for the above site, it appears that further investigation and cleanup of petroleum hydrocarbons are not necessary. Further work could be required if conditions change or a water quality threat is discovered at the site.

Please contact Richard Hiatt from my staff at (510) 286-4359 if you have any questions regarding the contents of this letter.

Sincerely,

Steven R. Ritchie
Executive Officer
