RE: Case closure for UST site, Oakland Firehouse #10, 172 Santa Clara Avenue, Oakland, Alameda County

Dear Ms. Carver,

The Alameda County Department of Environmental Health has submitted a letter which recommends closure for your site involving the removal of one 280 gallon diesel tank. Regional Board staff have reviewed the file for your site and concurred with this recommendation. Therefore based on the available information for the above site, it appears that further investigation and cleanup of petroleum hydrocarbons are not necessary. Further work could be required if conditions change or a water quality threat is discovered at the site.

Please contact Richard Hiett from my staff at (510) 464-4359 if you have any questions regarding the contents of this letter.

Sincerely,

Steven R. Ritchie Executive Officer
