**Re: Groundwater Monitoring Well Decommissioning, Fire Station #10
172 Santa Clara Ave., Oakland CA 94610**

Dear Mr. Cotton:

This letter acknowledges receipt of the Microseach Environmental Corporation's September 15, 1997 well decommissioning report for the three monitoring wells at the above referenced site. Because your office has previously received a September 15, 1992 case closure letter from the Regional Water Quality Control Board, our office will not be issuing a Remedial Action Completion Certificate (RACC).

You may contact me at (510) 567-6765 if you have any questions.

Sincerely,

Barney M. Chan
Hazardous Materials Specialist
