Novato, CA 94948

Attn: Ms. Karen Vitulano

Subject: Soil disposal from Wilanco site, 1077 East Shore Hwy.,
Albany, CA

Please find enclosed soil analysis reports for some stockpiled soil at the referenced site, Carter & Thompkins Ltd., laboratory number 110817. The values for TVH plus BTEX are reported in PPB and the organic lead is reported in PPM.

There is approximately 100/120 cu/yds of this material that was stockpiled and then aerated on-site, after the removal of three small motor vehicle gasoline tanks in May 1992.

We would like to transfer this material to your facility for disposal. Please let me know when you can accept this material.

Sincerely,

Tom Ramsey

Mr. Tom Ramsey
The Fuel Oil Polishing Company
19336 Solano Court
Sonoma, CA 95476

Dear Tom,

Enclosed are copies of the results of the soil sampling from the Wilanco site in Albany. Everything looks relatively low. It would be nice to get rid of this stuff in a Class III landfill.

If you have any questions, you can reach me at (510) 462-8522. If you need to mail me anything, my address is:

4480 Shearwater Court
Pleasanton, CA 94566

Let me know what the landfill says about this as soon as you find out.

Sincerely,

Paul Hilbelink
PAH/slf
