

ENVIRONMENTAL RESOLUTIONS, INC.

February 27, 2001
ERI 243103SA.L06

Mr. Steve Asmann
Former Exxon Service Station 7-3567
3192 Santa Rita Road
Pleasanton, California 94566

Subject: Notification of On-site Activities at Former Exxon Service Station 7-3567,
3192 Santa Rita Road, Pleasanton, California.

Mr. Asmann:

At the request of ExxonMobil Refining and Supply (formerly Exxon Company, U.S.A.) (ExxonMobil), Environmental Resolutions, Inc. (ERI) is notifying you of the upcoming field work related to the drilling and installation of one groundwater monitoring well (MW8) at the subject site. The work was originally scheduled for February 22, 2001, but was cancelled due to bad weather. The work is tentatively re-scheduled for March 16, 2001.

The work will require that a drilling rig and two vehicles be on site during field activities. The location of the proposed well is shown on the attached Generalized Site Plan. Soil generated during these activities will be temporarily stored on site pending disposal coordination.

ERI will make every attempt to minimize any disruptions to the station business.

Please call Mr. James F. Chappell at (415) 382-4323 with any questions regarding this project.

Sincerely,
Environmental Resolutions, Inc.

Thomas D. Culig
Staff Geologist

James F. Chappell
Program Manager

Attachment: Generalized Site Plan
