Thanks,

Will do. Since we are pressure grouting, the only waste being generated is the Christy box and a little pavement around it. We will mention that in the report, and its disposal as construction debris.

Andy

Hi Andy,

Great news. Congratulations on persevering with this issue. Please include disposal information in the well destruction report for any waste generated during well decommissioning.

Regards,
Jerry Wickham
Alameda County Environmental Health

Hi Jerry,

We have reached access agreement with the property owner, and are scheduled to abandon the last two wells on December 7th. We will try to get you the closure report before the end of the year.

Thanks

Andy
