Shel,
Thanks for the May 27, 1983 report. I'll add this to the rest of the documents that you previously provided to us. You had already sent me a signed copy of the same letter that you sent today. At this time I am only asking that the site be claimed in Geotracker I am not requesting any work be done or that any of the reports you sent to me are uploaded. A complete copy of all of the documents you sent to me and that we sent to you is kept on our website already. As time allows, we will review the case to see if everything has been completed. The letter you sent isn't our standard closure letter and for some reason the site was not closed out at the time, so I am going to have to review the site file to determine if it meets our current closure standards. The preliminary review I had done identified some data gaps, perhaps with the new report you sent in that will provide enough information.
Regards,
Barb Jakub

Barbara,
Re : Geotracker Status for Leaking Underground Storage Tanks at 6398 Telegraph Ave Oakland Ca
Case #RO0002460 ID #T0600100647
Here is the attachment from our emails of July '08.
At that time you asked us for a signed copy and Olisa in our office faxed you the signed copy since the signature did not show up on the scanned version.
I am also attaching a copy of the soils report and the letter you sent us in '08.

I thought at that time that we were finished with this issue.
Please let us know what we need to do to finalize this process.
I can be reached at shelgiv@gmail.com or on my cell at 530-848-1113.

Thanks,
Shel Givens

Barbara,
Thanks for your help. Here is the clearance letter from Alameda County re: the Telegraph Ave site.
Feel free to call me at 510-526-1052 with any further questions.
Regards
Shel Givens
