Subject: Extension Request-Site Investigation Report; Park Street Landing 2301-2337 Blanding Avenue

Hi Jerry,

As I mentioned on the phone, I am the new CRA project manager for numerous Chevron sites in Alameda County as of last week. However, it appears the only site I have with yourself as the caseworker is the 2301 Blanding Avenue site. The remainder are with Steven Plunkett.

As we discussed, we have a deadline of today (9/30/08) for submission of the Site Investigation Report presenting the results of the recent work at the site per our work plan dated 1/10/08, and your letters dated 10/17/07 and 1/30/08. Unfortunately, I took over these sites last week and am still trying to get a handle on each. Therefore, as this is an involved site and investigation, I do not believe we will be able to meet this deadline as I need more time to provide a comprehensive review of this report. As a result, I would like to respectfully request an extension of the due date for submittal of the report to Wednesday 10/15. I anticipate the report being completed before then, but just to be safe. Please let me know if this is amenable to you.

Additionally, as we discussed, if you could send me a copy of the request for funds letter so I can determine what happened. Thanks, and I look forward to working with you.

Sincerely,

James P. Kiernan, P.E.
