ACED Case RO0002466**

Dear Mr. Wickham:

GHD Services Inc. (GHD), formerly Conestoga-Rovers & Associates (CRA), is submitting this letter to request a 90 day extension for the Soil Vapor Assessment Work Plan requested in ACEH correspondence dated September 30, 2015. As discussed on November 10, 2015, GHD is requesting an extension for this report due to the change in Chevron's project manager. The extension request will allow the new project manager to review the site history and become familiar with the site before preparing the requested report. The requested report will be submitted to ACEH no later than March 1, 2016.

We appreciate the opportunity to work with you on this project. Should you have any questions on the above, please do not hesitate to contact Brian Silva at (916) 889-8908.

Yours truly,

GHD
