Brian Carrey of CRA called on 9/5/2007 916-677-3407 ext 106. Asking if we have a check and when will closure review take place.

Returned call to Brian Carrey 2/14/2008. Chevron has We have funds and will address within 30 to 60 days.

2/28/2008. Phone call with Theresa Canizzaro 415-561-09955 working on site on behalf of Julie Ball and her brother , Peter, who own the site. She inquired as to whether Chevron was planning to conduct work at the site. My understanding is that Conestoga-Rovers is planning to perform work on behalf of Chevron. She will confirm with Chevron and will attempt to locate a CET Environmental document requested in my last letter. New address for Monroe Wingate is 18360 Carriger Road, Sonoma, CA 94576. Alan Wingate is Monroe Wingate's son and should be included on correspondence. She will make a copy and send over a report by Geomatrix from April 1995 entitled, Site Investigation and Remediation." Aqua Terra also prepared a work plan in 1995. City of Alameda may have owned the property at one time. Julie Ball and brother own the land and Monroe Wingate owns the buildings.
