Subject: RE: RO 2468 Extension Request

Carey,

I've extended the submittal date until Sept. 16th per your request. Due to the potential for vapor intrusion and health risks, ACDEH will not be able to continue to extend submittal dates.

Subject: RO 2468 Extension Request

I would like to thank the county for the previous extension until today to submit our sub-slab soil gas investigation report. Unfortunately, due to summer vacations and a critical project at another property I was not able to accomplish what I needed to do in the last 30 days.

The attached letter is a request for another extension.

Thank you.
