Hello Sandra and Vicki:

Sandra, thank you very much for updating us on your address.

Just to let you both know, I've communicated with our new supervisor, Paresh Khatri, about this case and provided him with some background. I want to go over the Covenant and Environmental Restriction with him before we have Sandra get a notarized signature. Also, we are probably going to have to have Gregory Hess put his notarized signature on the document, and it will probably be easiest to have him do this first and then send the document back so Sandra can complete.

As I have proposed to both of you in the past, I am thinking of having the notary come to the ACDEH offices so we can get the notarized signatures from Sandra and Ronald Browder, our director, completed at the same time. I want to try to make the recording of the document at Assessor's office go as smoothly as possible to avoid another incident as what happened before.

I hope to consult with Paresh further in the near future regarding the above, so that we can move this case to closure. I will update you once I have had an opportunity to talk to him. Thank you.

Sincerely,

Anne Jurek, MS, California GIT 731
