2/16/2006 at 11:40 am. Chris Palmer of Consolidated Engineering Labs 408-267-5238 called to ask the status of case. Client has asked him to do round of groundwater monitoring.

2/16/2006 Returned call to Chris Palmer on 2/16/2006 to inform him that ACEH letter went out on 1/31/2006. Working for other side, Pinterro (buyer). Going to turn into a commercial development. His client has asked him to do some additional sampling. Spot sampled some wells and still getting high benzene.

6/14/2006. Steve Clemens of SCS Engineers called 925-240-5152. Will submit a report, requested one week extension. Has a report from May 2004 and a buyer's report from 2006 that he will also submit.

8/2/2006. Steve Clemens of SCS Engineers called 925-240-5152. Submitting report within a couple days.

10/17/2006. Steve Clemens of SCS Engineers called 924-240-5152 ext 24. Ok to review data from shallow investigation prior to installing deep borings in transect across plume. Boring west of Barn #2 not discussed in ACEH letter but County is requesting additional boring near Barn 2. Will submit well information in a Confidential section of Work Plan. Will submit table of well information rather than actual well forms.
